In accordance with FERPA, at 34 CFR §99.30 and IDEA requirements, I authorize the School District of Palm Beach County, Florida, to release and exchange my child's confidential student information to agencies of the State of Florida which would allow Palm Beach County Public Schools to receive Medicaid reimbursement for health related exceptional student services it provides to my child while at school. I understand my consent is voluntary and may be revoked at any time. My child will continue to receive services as per his/her IEP whether or not I give consent. In addition, I understand that I am not required to enroll in any public benefits or insurance program and that no out of pocket expense will be incurred for services provided as part of FAPE, and that there is no impact to my Medicaid benefits as a result of this school district's reimbursement for services.

VI. Participation in State or District Assessments

☐ Not Applicable

The decision that a student will participate in the statewide alternate assessment is made by the IEP team and must meet the following criteria:

- | | |
|--|--|
| ☐ Yes ☐ No | Does the student have a significant cognitive disability? |
| ☐ Yes ☐ No | Is the student unable to master the grade level general state content standards even with appropriate and allowable instructional accommodations, assistive technology, and/or accessible instructional materials? |
| ☐ Yes ☐ No | Is the student participating in a curriculum based on State Standards Access Points for all academic areas (where applicable)? |
| ☐ Yes ☐ No | Does the student require extensive direct instruction in academics based on access points in order to acquire, generalize, and transfer skills across settings? |

If the IEP team determines that "yes" to **all four of the questions** accurately characterizes a student's current educational situation, then the **Florida Alternate Assessment (FAA)** must be used to provide a meaningful evaluation of the student's current academic achievement. If "yes" is not checked in all four areas, then the student must participate in the **Florida Comprehensive Assessment Test (FCAT)** with or without accommodations.

The ENNOBLES Act provides for the waiver of the FCAT requirement for graduation with a standard diploma for certain students with disabilities who have met all other requirements for graduation with a standard diploma, except for a passing score on the FCAT.

The IEP team has determined that the student will be assessed through:

- ☐ General Statewide Assessment (FCAT)/ General District-wide Assessment without accommodations (Standard Administration)
- ☐ General Statewide Assessment (FCAT)/ General District-wide Assessment with accommodations as outlined in **"For Students Participating In Assessment with Accommodations"** below.
- ☐ Alternate Assessment

Only accommodations allowed by the individual test administration manuals may be implemented on standardized tests.
